JUDGE BLAIR'S SON

And His Pal In Jail Here On a Charge of Stealing a Valuable Gold Watch.

Late yesterday afternoon a call came to police headquarters from the East End from a man giving the name of Charles Scandlis, who said that he had been robbed of a gold watch by George Blair, Officer William Tolle was immediately sent to investigate the matter.

When he got to Carmel street he found the victim, a young Greek, who told the officer that he and his wife owned a restaurant in Portsmouth and that she had charge of it, while he worked on the railroad. Recently, however, work has been slack, and he has been out of a job. Wednesday afternoon he was told by George Blair, son of Judge A. Z. Blair of Portsmouth, and Pete Park, son of Dr. Park, a prominent physician of Portsmouth, that they had jobs at Winchester and he was persuaded to accompany them. They arrived in this city Wednesday night and it was then that Scandlis learned that they had no work at the place mentioned above.

After hunting for work all day Thursday in the warehouse district, they went over to the C. & O. coal tipple yesterday afternoon to catch a train

to some other point.

Scandlis said that he had a gold watch valued at about \$60 and that he told Blair to put it in his valise as he was afraid some one might steal it. Blair did so and soon after walked down the railroad. Scandlis and Park sat down to wait and after a while Scandlis said that he wished Blair would return, whereupon Parks told him that Blair had stolen the watch and would not return. Scandlis immediately notified the police.

Blair was soon located and he and Parks were both arrested and placed in jail, as they told conflicting stories.

Blair had a suitcase full of clothes and he said that he left his father under the impression the day before that he was on his way to Tennessee, where he was supposed to enter school. However, he sold the railroad ticket that his father purchased for him and spent the money.

Chief of Police McCarthy of Portsmouth was communicated with and he said that both the boys had bad records.

Judge Blair was notified and he said that he would send some one here today to look after the boys.

Attorney A. D. Cole will defend the boys in their examining trial in Police Court this afternoon.

CRISIS

Imminent Between the U. S. and Warring Powers—Germany and Great Britain Both Warned

Lodz Evacuated By the Germans—Fierce Fighting In All War Zones

In its note to Great Britain on the deceptive use by British vessels of the American flag, the State Department says:

"The government of the United States therefore trusts that His Majesty's government will do all in its power to restrain vessels of British nationality from the deceptive use of the flag of the United States in the sea area defined in the German declaration, since such practice would greatly endanger the vessels of a friendly power navigating those waters and would even seem to impose upon the government of Great Britain a measure of responsibility for the loss of American lives and vessels in case of an attack by a German naval force."

In the note to Germany the German government is informed that the United States would consider it an "undefensible violation of neutral rights" if commanders of German vessels of war should act upon the presumption that the flag of the United States was not being used in good faith and should destroy on the high sea an American vessel or the lives of American citizens. Then this warning is given to Germany:

"If such a deplorable situation should arise the Imperial German government can readily appreciate that the government of the United States would be constrained to hold the Imperial German government to a strict accountability for such acts of their naval authorities, and to take any steps it may see necessary to take to safeguard American lives and property and to secure to American citizens the full enjoyment of their acknowledged right on the high seas."

WHY DO PROSPEROUS PEOPLE HAVE THE BLUES?

The secretary of the Selma (Ala.) Chamber of Commerce recently took a little trip in the country to secure some first hand information about farming conditions.

The first farmer interview "was very blue," and some effort was made to inquire into his exact financial condition. It was found that he had a large cotton crop on hand, but at the prevailing prices one-half the cotton crop would put him entirely out of debt. He had 80 head of fine Duroc hogs, the most of which he expected to sell at good prices for breeding purposes; he had about 20 steers which he expected to sell and a number of heifers which he intended to keep; he had a considerable quantity of oats on hand from his last crop; he had raised 30 bushels of corn to the acre in spite of drouth, and this with his other forage would more than carry him through the winter; he was arranging to plant 20 acres in crimson clover, using seed he had saved from his last year's crop; he also had a very fine crop of peavine hay, a good stand of rape and 40 acres in burr clover.

Dinner was served while this information was being elicited and "with the exception of the coffee there was nothing on the table that was not produced on the farm." The secretary says he finds any number of this class of farmers in Dallas county, and he is unable to understand how a war in Europe, or anywhere else, can possibly affect them. "Of course, there are some smaller farmers, especially the tenant farmers, who are in nothing like as good shape, but the man who has used brains as well as labor is in such financial condition that it will take more than the present conditions to affect him."

It is a rather common tendency among farmers to adopt the pessimistic view. Certainly the farmer referred to in the foregoing had no occasion for feeling blue. The European war is decidedly more likely to help him than to hurt him, for he has live stock and products to sell, and all these will, in all probability, sell at higher prices because of the war. Instead of feeling blue he should be rejoicing over the fact that he is so comfortably fixed. There are some millions of people in this country who would be glad to swap places with him.—*Courier-Journal.*

SPEAKING OF WAR LORDS.

Nineteen hundred and fourteen years ago, three kings made a long journey to see a new born babe in a stable. Today it is impossible to find any one who remembers the name of any of the kings.

A GREAT LOSS.

The elimination of eurythmies from the Boston schools will be a great loss to those who are likely to miss that kind of thing.—*Washington Post.*

A WASHINGTON HABIT.

Boston has a church where the babies are checked in the basemen; but why not let them sleep in the pews with their papas?—*Washington Post.*

THE PRICE DROPS.

To make the situation more tantalizing the price of interned vessels has doubtless dropped several points.—*Washington Star.*

A JUNK HEAP.

If the North sea were ever drained, the bottom would look worse than a country wagon maker's back yard.—*Boston Herald.*

It looks a little like the way to Tipperary is not going to be as long as Lord Kitchener thought. It's dollars to doughnuts that the war will end by June 30, which is about the time the books are balanced.

CHEER UP AND WORK.

If you want prosperity, do your own share to bring it, and do it now. Get that addition on your shop going; it will cost you less today than six months hence. Is trade a bit dull in the works? Get those improvements begun. Prices are low and likely to rise. You've been thinking of that contract work; better start it yourself before things get the start of you.

This country slows down a bit now and then, but it never stops growing, and it always moves up and not down. We don't know what it means in most of the United States to have a real general distress. Think of Belgium and Poland, man with a grouch, and sink into your hole and pull it in after you. Then think of your sins and your blessings, and come out with your courage in working order.

There are lots of good American examples of pluck. Do you remember San Francisco and Galveston and Chicago—Boston, Charleston, Baltimore and Dayton, and many others like them? Remember Thomas A. Edison and lots of your fellow-citizens who showed pluck when things were hard.

Nothing's the matter with the man with a grouch except an absentee heart and missing nerve. Cheer up, go to work, do your level best, quit talking misery. The war's over yonder—not here. Men are slaughtered yonder—they are living here. It's all clouds there—clear day here.

Get out and sell some goods. Plant some more acres; do more work than you planned. Talk cheerful talk and you'll find this country of ours a pretty good place after all.—By William C. Redfield, Secretary of the Department of Commerce.

"Speaking of courage," says Collier's Weekly. "We like to recall the brave words attributed to Mr. Herriek on his being rather narrowly missed by a German airman's bomb. 'There are times when a man is worth more to the cause of humanity, dead than alive.' That was Ohio talking."

The packing industry in this country boasts of 1,600 establishments, employing 100,000 persons. During the past year they have sold meat and by-products to the sum of \$1,370,000,000, and have paid \$409,134,000 spot cash for 16,000,000 animals.

Twelve hundred coke ovens in the Connelsville, Pa., region have been relighted, after being banked for some time. Three hundred and fifty merchant ovens have been added to the active list, and further additions are expected very soon.

Congressman Hobson is a maniac on the subject of war with Japan. There will be no war with Japan. It will be a long, long time before Mr. Hobson gets back to Washington after the 4th of March, however.

There was an increase of about 8 per cent in unemployment in New York in December, 1914, over the same period in 1913, according to a report of a subcommittee of Mayor Mitchel's Committee on Unemployment.

New York bakers have advanced the price of bread from 5 to 6 cents a loaf. As there are 5,000,000 loaves used each day in the city alone, figure out \$50,000 a day profit.

Procrastination.

A gentleman who had been in Chicago only three days, but who had been paying attention to a prominent Chicago belle, wanted to propose, but was afraid he would be thought too hasty. He delicately broached the subject as follows:

"If I were to speak to you of matrimony, after having only made your acquaintance three days ago, what would you say to it?"

"Well, I should say never put off 'till tomorrow that which you should have done the day before yesterday."—*Life.*

Strange Things Happen.

"Two months ago I never dreamed that you would ever rest this blonde head on my shoulder."

"Nonsense. We were engaged then, George."

"Yes; but you were a brunette."

MAY PROVE FATAL

When Will Maysville People Learn the Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow.

That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience.

'Tis the statement of a Maysville citizen, Mrs. Della Lunsford, 328 E. Front St., Maysville, Ky., says: "I attributed kidney trouble to a strain. I had sharp, shooting pains through my kidneys, and a dragging down feeling through my hips. I had dull headaches and dizzy spells and often if I had not caught hold of something for support, I would have fallen. I was in that condition for several years, up one week and in bed the next. I finally began to notice symptoms of dropsy and in a short time I was suffering from that trouble. My feet began to swell and my hands were at times the same way. At night I was restless and always felt tired. I read of a similar case being cured by Doan's Kidney Pills and I got a supply. Before long I was completely and permanently cured. Doan's Kidney Pills saved my life. I am glad to confirm my former endorsement of this remedy."

Laundry Lady's Lament.

The bells were clanging loudly, 'twas on a Sunday morn,
A laundry lady was on her way, looking some forlorn;
She had attended night before, a dance and can soiree,
And she was very thirsty, as you can readily see.
As she reached the curb right near her domicile,
Water pipes had burstled and made the White Wings smile.
She picked up her skirts and gazed about, there was no skiff in sight,
And how to get across the flood she didn't know, quite right.
Just then there passed a City Employee with hip high rubber boots.
And the laundry lady looks at him and then right out she hoots:
"Oh, mister man, save me if you can, my socks and shoes are dry.
"Can't do it," answers the White Wing, "You had better just pass by."
"Can't you lend me them rubber boots, 'till I get o'er the flood?"
It won't cost you nothin', and I know that you're true blood!"
"G'wan," said the White Wings man, "your legs is good and stout,
An' if you can't get across this drink, set down an' sleep it out!"

CHORUS.

"Looky here," said the laundry lady, "you're draw'n' city pay.
But you're the meanest man I met fer many a day.
The time may come, when you, sir, may want to cross some damp,
And they'll remind you of the time, you dem old dirty scamp,
You'll be refused with many a jeer an' also a few hoots.
An' they'll tell you of the time when you refused to lend a poor laundry girl your d-d ole rubber boots."

PEACE MOVE STARTED IN KANSAS.

Topeka, Kas., February 12.—In pursuance of a proclamation issued by Governor Capper, a conference was held in Topeka today to organize a Kansas branch of the International Peace and Equity League. ARE YOU STRONG ENOUGH TO WORK?

Mrs. Hubbard Tells How Vinol the Famous Cod Liver and Iron Tonic Built Her Up and Made Her Strong.

Covington, Ky.—"I was in a general run-down condition and suffered from a bad cough. I have a family of four, and after working for a while around the house I would get so tired I would have to sit down and rest, and sometimes it seemed as though my back would break.

"I tried cod liver oil emulsions and other remedies but did not seem to get any help. Finally one day I saw Vinol advertised and tried it. I soon noticed a decided improvement, and now it has built up my health and strength."—Mrs. ALEX. HUBBARD, Covington, Ky.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children. In a natural manner this delicious cod liver and iron tonic creates a hearty appetite, aids digestion, makes pure, healthy blood and thus creates strength for the run-down and debilitated. We have never sold in our store a more dependable remedy for coughs, colds and bronchitis than Vinol.

Try a bottle, and if it doesn't help you we will return your money.

UNCLE SAM'S PET

Some of the Striking Privileges Enjoyed By Panama Railroad.

(Wall Street Journal.) Additional devices by which the United States government makes its lone but petted railroad venture "show off" have come to light.

We have always known that the Panama railroad had some striking privileges not enjoyed by other "common" carriers, among which are:

1. It operates a monopoly. Its only competitor is the Panama canal, owned by the same stockholder.

2. It pays no taxes.

3. It pays no interest on \$3,247,332 which the United States Treasurer and the Isthmian Canal Commission advanced.

4. It charges six times as high a freight rate as the average railroad in the United States.

5. It can operate steamships, telephones, hotels, electric lighting plants, refrigerating plants, and many other homey departments, such as a laundry, bakery, coffee roaster, etc.

But now the change is advanced by Edgar F. Luckenbach, president of the Luckenbach Steamship Company, in a letter to Senator Root, that four \$600,000 steamships "are loaned to the Panama Steamship Company by the Panama Canal Commission free of charter hire, insurance, depreciation and interest," and that "no insurance charges are made on the steamers Alliance and Advance, which are valued at \$740,052."

A proper charge for a four-year period for these items, Mr. Luckenbach estimates at \$2,113,664. The steamship company in the past four years reports an aggregate profit of \$307,230.

In other words, if the Panama Steamship Company had to pay for its facilities as an independent company would, were it not for the interlocking directors and community of interest, it would have an aggregate deficit of \$1,806,432, instead of the \$307,230 surplus actually reported.

If the Panama railroad hasn't all the outward signs of prosperity, it isn't its Uncle Sam's fault.

BIRTHDAY OF VENERABLE BISHOP.

Chicago, February 12.—Bishop Chas. E. Cheney of the Reformed Episcopal church, entered upon his eightieth year today and was the recipient of congratulations from many parts of the country. Bishop Cheney is the oldest bishop of his denomination in point of service as well as in years. He took a leading part in organizing the Reformed Episcopal church and in 1873 was consecrated as missionary bishop of the northwest. For more than half a century he has occupied the pulpit of Christ Reformed Episcopal church in this city.

WESTERN FRUIT JOBBERS.

Los Angeles, Cal., February 12.—Elaborate arrangements have been completed for the entertainment of the many delegates and other visitors expected here next week for the annual convention of the Western Fruit Jobbers' Association. Owing to the numerous important problems now confronting the fruit industry in the west the convention promises to be the most notable in the history of the association. Large delegations are expected from Colorado, Utah, Washington, Oregon and other states.

LAY CORNERSTONE AT WILMINGTON.

Wilmington, Del., February 12.—The cornerstone for the magnificent new city and county building to be erected in Wilmington was laid this afternoon with interesting exercises. Mayor Harrison W. Howell and E. H. Hollingsworth, president of the Levy Court, officiated at the ceremonies.

THIS IS THE 106th NATAL DAY OF ABRAHAM LINCOLN

Backward, turn backward, O Time, in your flight!
Make me a child again, just for tonight!

This was Lincoln's favorite poem, and he read it and smiled and cried over it.

The "Martyred President" and Kentucky's greatest son looms up greater as the cycles roll into eternity.

Surely he if any man was "of the people, by the people and for the people."

His honest blood flowed freely in his country's cause and his death while horrible and cruel, was sublime in its patriotic sacrifice.

Has Been Buried Thirteen Times.

It is a rather remarkable fact that Abraham Lincoln has been buried no less than 13 times. Twelve times his body has been dug up and removed from one place to another. The last occasion was on the 26th of September, 1901, when, in the presence of 18 persons at Springfield, Ill., the casket was opened in order that the remains might with certainty be identified.

The features of the long-dead President were plainly recognizable, and the box was thereupon consigned—finally, let us trust—to an iron cage imbedded in a huge block of cement beneath the Lincoln monument in Oak Ridge cemetery.

To Lay Corner Stone For Great Memorial.

Washington.—Arrangements were completed for ceremonies today in connection with the placing of the corner stone of the Lincoln memorial, in Potomac Park here, the one hundred and sixth anniversary of the birth of Abraham Lincoln.

It will mark the completion of the massive foundations which have been under construction for a year.

Among the articles to be placed with in the corner stone will be a history of Lincoln, signed and donated by his son, Robert T. Lincoln. Completion of the memorial will require three years more.

A PROGRESSIVE MUSIC DEALER

It is so very, very seldom that we see a music dealer make use of this excellent silent salesman, "The advertisement," that when we finally ran against a clipping we could not help ourselves, but simply had to reproduce it.

DE NUZIE 229 MARKET STREET

Not only does this advertisement show that Mr. De Nuzie of Maysville, Ky., is a very progressive and aggressive music dealer, but the layout and copy of his advertisement indicate that he is a good advertiser.

By using such a timely heading like "It's a Long, Long Way to Tipperary," and coupling it up with the other copy, Mr. De Nuzie has produced an interesting and attractive advertisement which probably brought a good many new customers to his store.

We congratulate Mr. De Nuzie upon his accomplishments. And may other dealers follow his example.—February Issue of the American Musician, New York City.

POULTRY SHOW OPENS IN GOTHAM.

New York, February 12.—Madison Square Garden resounded today with the cackling of hens, crowing of roosters, quacking of geese and piping of canaries, while the sounds from other varieties of poultry contributed to the unusual medley in the big building. The occasion was the opening of the twenty-sixth annual exhibition of the New York Poultry, Pigeon and Pet Stock Association. All departments of the exhibition are filled with high-class exhibits, but the pigeon phase of the show has been emphasized especially this year.

CARNIVAL DAYS IN TAMPA.

Tampa, Fla., February 12.—Flying the black flag of piracy, Ye Mystic Krewe of Gasparilla captured Tampa today and will remain in undisputed possession of the city until next Tuesday. The keys of the city were turned over to the picturesquely attired band of pirates and a parade through the downtown streets followed. The opening of the carnival season finds Tampa thronged with visitors, among whom are hundreds of northern tourists. During the next three days there will be a succession of brilliant parades, outdoor pageant and various other festivities.

MINNESOTA B. Y. P. U.

Brainerd, Minn., February 12.—Many enthusiastic delegates gathered here today for the opening of the fifth annual state convention of the Baptist Young People's Union. The sessions will continue three days and will be addressed by a number of well known leaders in church and missionary work.

DO YOU WANT A FARM THAT YOU CAN MAKE MONEY ON? IF SO, YOU INVESTIGATE THIS ONE.

Mr. George E. Himes of Lewis county has placed with us for sale two farms that adjoin. One, a farm of 170 acres, the other 50 acres. The 170-acre farm has on it a two-story, seven-room frame house in good condition, tobacco barn 40x60, stock barn 36x36, usual outbuildings. The 50-acre farm has a small house of four rooms, tobacco barn 40x40, 25 acres of bottom land with orchards with a variety of fruit. Mr. Himes' reason for selling is he is getting along in years and does not want the responsibility of looking after a large farm. If you are not afraid of work you can make good on this farm. Price for both farms, \$4,500.

OUR COLORED CITIZENS

CELEBRATION OF LINCOLN'S BIRTHDAY.

A celebration in honor of Lincoln's birthday will be held at the Scott M. E. church, Sunday, February 14, when every patriotic citizen who reveres that name will be cordially welcomed and expected. As colored people, we owe it to ourselves and to our country to revere the memory of this great man. Will we do it? Prof. Caplinger, superintendent of schools, granted us the privilege of having all the colored pupils and people meet at the colored high school at 2:30 p. m., and march with flags to the church. There a suitable program for the Freedman's Aid Society will be rendered, with drills and music. Prof. Humphrey has been asked to take the place of the pastor, and Prof. A. V. Travis will read an interesting paper. To teach patriotism and loyalty is the object. It is expected that every colored child, man and woman will meet at the high school to march with us and that the colored G. A. R. will march in a body. Let every body come and bring a flag.

Rev. L. T. Robinson is confined to his home in the Fifth Ward with the grip.

OR EVEN IF HE'S A BAD ACTOR.

Mr. T. R. Meritt brought an egg to this office yesterday morning measuring eight inches in circumference and weighing four ounces. If a person were hungry one or two such eggs would be enough.—Abbeville (S. C.) News.

100,000 FORDS

have been sold and delivered since August 1, 1914. An order for 40,000 cars for immediate delivery has been received from one of the foreign governments. The British government is negotiating for the purchase of 200,000 Fords for immediate delivery. Although we had an order in for a carload to be shipped last month, they are so far behind with shipments that we have no idea when we will receive our allotment. We will fill orders in the order in which they are received. If you want a Ford car for delivery before May 1, don't wait a day. ORDER NOW.
